*All my love,
Malana*

HI, I'M MALANA!

FOUNDER & OWNER

I'm a Minnesota based wedding florist and lover of all things garden-inspired. After working in a local flower shop for 4+ years in the town I grew up in, the idea started to form for my business. It was to be centered around lush, beautiful designs & attention to detail while providing couples with knowledge & guidance along the way. Making the process enjoyable and helping your floral dreams come to life.

OUR *Style*

WEDDING STYLES MAY CHANGE, BUT A ROMANTIC, GARDEN STYLE WILL ALWAYS BE A CLASSIC.

The passion for my particular style comes from a deep love of nature & days spent in the garden. I quickly discovered I feel the most at home working in a naturalized space, & appreciating the true beauty of flowers, to enjoy them just the way they are.

I found my niche in designing events where the flowers look as though they belong there or are growing in the space. This is what we aim for in each & every design.

OUR *Story*

Malana Sophia Floral began in a small home studio where a fresh coat of paint and hours of hard work have helped shaped the little studio we still work out of today. From our first year to now we have continued to grow in style, quality, & scope of each wedding & are so thankful for our couples, planners, & opportunities.

We work with wonderful clients who share a love for timeless, natural designs & blooms with curated elements & color to emulate your special-to-you, unique love story.
